Lee College • Fall 1994

From the President

I can't believe that another year has come and gone. Since I have been a member of the greatest club on the Lee College campus, I have seen several things that have changed in the club. We were blessed to have a successful 30th anniversary in 1992. In January of 94, I saw our brotherhood increase by tapping 19 that semester, and also in May of 1994 the Lord blessed Upsilon with the completion of the long awaited Clock Tower. It is indeed a blessing, and it stands as the vocal point of the Lee College campus. With the completion of this project, there were several people wondering where Upsilon will go from here. My answer to this question is "wherever the Lord will take us". This year, the Lord has been doing a miraculous work in the lives of the men of Upsilon. We are just coming out of a mighty convocation where the Lord changed lives and also revealed callings. It is "indeed a great time to be a part of Upsilon".

In looking ahead to the rest of the semester, there are not many things that I would like to change. The one thing that I would like to do in the future is to get back to some of the Upsilon traditions of the past. By this, I mean find out in what areas Upsilon was successful, and also in what areas Upsilon experienced difficulty. If we could complete this task, I feel that we will be better equipped to overcome some of the obstacles of the future. We should try to learn from some of the best teachers who have already been where we are trying to go. The brotherhood ties in Upsilon are very strong and are seen by the entire campus this year. There is no way that we, as a club, could ever **THANK YOU**, our alumni, for the great traditions that a part of the Lee College campus. Although you are gone, your presence will always be felt. **THANKS FOR THE LEGACY, AND WE LOOK FORWARD TO SEEING YOU IN NOVEMBER !!!**

Upsilon's Block Party Kicks the Semester Off RIGHT!

Upsilon Xi's Annual Block Party for the Lee College Campus again started the semester-off successfully. The Block Party is an opportunity for returning and new students to get acquainted and fellowship with each other. This gives Upsilon Xi and the other Greek Fraternities a chance to introduce themselves and the things that they do for the Lee College community.

The MC's for this year's event were President Eric Diggs and Kevin McGlamery. This year's entertainment included a live band with Gene Batten and Rodney Williams. We also included the tradition of Crowd Prizes, Special Music, and **TONS O' FUN!**

The focus of Upsilon Xi is to exemplify Christ in all we do and to promote Service and Fellowship in our activities. We also give Jesus Christ the Honor for making this event another complete success!
